## 5 DAYS SAFARI TOUR- TANZANIA

**Day 11: 28<sup>th</sup> Jul 2019** At 8:00 a.m. take the drive from Moshi (Springlands Hotel) to Lake Manyara National Park (about 4 hours). After having a picnic lunch in Manyara, you start a late afternoon game drive, which is the best time to view animals in this park. When you approach it from the east, the Rift Valley escarpment looms on the horizon forming an impressive backdrop to the lake. In the tall trees of the ground water forest, monkeys leap from branch to branch, and on the escarpment, elephants stand in the shade. Other animals frequently seen are zebras, impalas, monkeys, giraffes, buffalos, hippos, and others. Overnight at Highview Hotel - full board.

**Day 12: 29<sup>th</sup> Jul 2019** The drive to Serengeti National Park via Olduvai Gorge takes 3 to 4 hours. Olduvai Gorge is an archaeological site located in the eastern Serengeti plains, in which early human fossils were first discovered. It has an amazing landscape that was formed from the same tectonic forces that created the Great Rift Valley millions of years ago. Then in the late evening, drive to and overnight at the Serengeti Wild Camp - full board.

**Day 13: 30<sup>th</sup> Jul 2019** After breakfast, venture into the Serengeti's wilderness corners for a full day of game viewing in the park. With a picnic lunch beside you, take your time to explore this world heritage site, where earth's largest concentration of plain game still roams free! In the late evening, go to the Ngorongoro Wild camp for rest, dinner, and overnight - full board.

**Day 14: 31<sup>st</sup> Jul 2019** After breakfast, drive to Ngorongoro Crater for a game drive inside the crater. This is the best place in Tanzania to see black rhino as well as prides of lion that include the magnificent black-manned males. There are lots of flamingos and a variety of water birds. Other game that you can see includes leopard, cheetah, hyena, other members of the antelope family, and small mammals. In the late afternoon drive to Highview Hotel for dinner and overnight – full board.

**Day 15: 1<sup>st</sup> Aug 2019 Early morning** Drive to Tarangire National Park (1 hour). This park is spectacular in the dry season when many of the migratory wildlife species come back to the permanent waters of the Tarangire River. Huge herds of wildebeest, zebras, elephants, elands and Oryx gather to stay in Tarangire until the onset of the rain when they migrate again to good grazing areas. In the afternoon drive directly to Kilimanjaro international airport for the flight back home; departing at **17:40**.
